 MAKE SENSE

BATTERY KNOWLEDGE DIRECTLY IN YOUR POCKET

Battery Sense makes it possible to show you all your batteries state of charge in real time. Battery Sense provides valuable knowledge on your batteries in a simple, user-friendly and transparent way. Knowledge of your batteries charge level makes it easy to monitor health status and thus maximize your battery performance and service life. Knowledge that will allow you to avoid costly battery replacements and cumbersome vehicle stop. Battery Knowledge presented directly in your pocket.

MAKE YOUR BATTERIES TALK TO YOU

Connect BATTERY SENSE to the battery and download the app. Via your smartphone your batteries now will start talk to you. With Battery Sense connected you don't have to worry about when to charge. Just walk to your car or vehicle and Battery Sense will talk to you via Bluetooth without you have to put the vehicle engine on. Battery Sense will show you all your batteries, up to 5, State of Charge. Battery Sense will warn you when you have to charge, well in advance.

CHOOSE THE RIGH CHARGER FOR YOU

Battery Sense, give you full control of all your vehicles batteries and give you the opportunity to choose the CTEK charger that suits you and your vehicle when it's time to charge.
